

MESSAGE FROM THE HEAD OF SCHOOL

We have to break to catch our breath. This is a necessary to make sure that our Staff and students are always performing optimally.

We have gone through the first half of the first Semester and can now say that our aircraft is airborne, flying in the prescribed altitude. Of course there is no flight path that does not have turbulence, no matter how minor they are. We are doing our very best to make sure that we keep the craft stable and under firm control for a safe flight.

For this therefore, I encourage you dear parents, to candidly go through the section of the School Hand Book dealing on prohibited items and importantly about the students' dress code. For a good part of the term, we have had a running battle with some of your wards on these issues. They should be made to understand that their programmes are short and does not require any form of distraction.

We wish all families a good stay with their wards. Always remind them that break time is not total break off from studies. We look forward to reuniting again on Sunday 30th for boarders and Monday 31st for the rest of the students. God bless you all.

Rev. Fr. Vincent Nnamani crs
Head of School
