

FROM THE DESK OF THE HEAD OF SCHOOL

Dear Parents/Guardians,

As we approach the conclusion of the 2024/25 school year, I am once again amazed by the number and quality of activities and performances we have achieved. I remain in awe of the resilience, talent, and ability of our staff and students.

I wish to thank you for helping make this academic year a success. Your ongoing support is invaluable, and I look forward to continuing this partnership in the future.

As we wrap up the year, I am deeply grateful for the hard work, dedication, and accomplishments of our students, teachers, and staff. We have achieved great things together, and I am excited about what the future holds.

We remain committed to providing a high-quality education grounded in strong ethical and moral values, while fostering a deep sense of family, where Together Everyone Achieves More (TEAM), and we continue to build a brighter future for our students.

I am particularly proud that we successfully conducted the WAEC Examination as a registered center, in addition to our approved CIE Centre. This success is a testament to the dedication of our staff and students, supported by the encouragement of our parents.

As part of our ongoing efforts, we have organized a variety of enriching holiday programs tailored to keep your wards engaged during the summer break. Flyers for these programmes are available on our website, official Facebook page, and WhatsApp status.

Looking ahead to the next academic year, I encourage each of you to continue supporting our programmes and students, and to contribute to the ongoing success of our school.

Thank you, and God bless.

Rev. Fr. Vincent Nnamani CRS
Head of School

A YEAR OF GROWTH AND GRATITUDE – Farewell to the 2024/2025 School Session.

As we bring the 2024/2025 school session to a close, it is with immense pride and gratitude that we reflect on the journey we have shared this year. It has been a time of growth, discovery, resilience, and achievement – and every student, teacher, staff, and parent has played a vital role in making this year meaningful and memorable.

To all our students, across every program and level: your dedication, creativity and perseverance have not gone unnoticed. Whether you faced challenges or celebrated personal victories, you showed up with courage and a willingness to grow. You should be proud of how far you've come. You are the heart of this school community, and your progress is a testament to your hard work and potential.

To our exceptional staff: thank you for your unwavering commitment, passion and patience. You have guided, mentored and inspired – not just academically, but in ways that shape the future. Your efforts make a lasting difference, and we are deeply grateful for all that you do.

To our devoted parents and guardians: your support, encouragement and sacrifice have been the steady foundation behind each student's success. Your partnership in education is truly appreciated, and we thank you for walking alongside us throughout the year.

A special congratulation goes to those students who have already secured university admissions. This is a remarkable achievement and we wish you every success as you step into the next exciting phase of your journey. May your paths ahead be filled with purpose, discovery and fulfillment

As we head into the break, may this time offer everyone rest, reflection, and renewal. We look forward to welcoming our returning students back refreshed and ready for new challenges on the 4th of August 2025 as we begin with our Summer School– and we send our best wishes to those moving on to new beginnings.

Prisca Obi

ACTS OF COMPASSION AND CONNECTION:

We are proud to share the success of two impactful community service outings held this term as part of our commitment to empathy, service and social responsibility.

On April 12th 2025, our students visited the **Modupe Cole Home for the Aged and Abandoned**. The visit was a touching and humbling experience, as students engaged with the residents through conversation, games and distribution of essential supplies and personal care items. The interaction reminded everyone of the healing power of companionship. For many students, it was a moment of deep reflection and a chance to give back to a generation that paved the way.

On May 17th 2025, our school also extended their outreach with a visit to a **Juvenile Center for Boys**, where they spent time with young residents facing difficult life circumstances. The visit focused on encouragement, mentorship and positive engagement. Through motivational talks, interactive sessions and recreational activities, our students aimed to uplift spirits and foster hope. Gifts, reading materials and basic essentials were also donated to support the boys' development and well-being.

These visits were not just acts of charity but meaningful exchange that enriched everyone involved. They served as reminders that every individual deserves care, dignity and opportunities to thrive regardless of age or background.

We commend all the students who participated for their maturity, compassion and willingness to serve. Your efforts made a real difference and exemplify the values we strive to uphold. Together, we continue to build a culture of empathy, responsibility and active citizenship.

“It was a heartwarming and life changing experience. I learnt that we should never take what we have for granted and always be grateful to God for the kind of life he gave us. I Thank the 16 plus school for giving us the opportunity.” **Isoken Bakare**

Visiting the prison for my community service was an eye opening experience. It reminded me of how easy it is to take freedom for granted. It made me to appreciate second chances I get in life and appreciating my supportive parents and family members. I left the correctional center with a new sense of empathy and responsibility. **Dumomi Baiyeroju**

CAREER CONSULTATIONS: Guiding Our Students to a Brighter Future.

As the 2024/2025 academic session began, many of our new students arrived with important questions about their future. Some had already chosen their intended university courses and needed guidance on the right subject combinations at the 16Plus school. Others were still exploring their options and sought advice on both course selection and university choices.

To support them, the Careers Department began consultation right from the start of the session and continued them throughout the academic year. We held one-on-one meetings with students and their parents to better understand each student's interests, strengths and aspirations. Personality assessments were also carried out to help clarify career directions and guide subject selection more effectively.

In addition, using the results of monthly academic assessments, we engaged students in targeted conversation to address any learning challenges and develop strategies for improvement ahead of exams. For students performing below expectation, follow-up sessions were arranged, often involving their parents, to ensure a well-rounded support system. These interventions spanned across all academic programs, including A 'levels, OSSD, UK Foundation, WASSCE and the senior secondary school.

This year's career consultation has proven to be a vital part of our student support efforts-helping learners gain clarity about their career paths while also monitoring and boosting their academic performance.

Mr. Mcdike Dimkpa

CONTINUOUS ASSESSMENT (CAS)

Continuous testing remains one of the strongest pillars of the 16 Plus academic structure. Throughout the session, monthly Continuous Assessments across the various programs have served as both a **tool for monitoring academic progress** and a **guide for targeted intervention**.

A key part of these interventions is the **School Learning Support** program—an initiative designed to help bridge learning gaps among struggling students. This has yielded significant and measurable progress across the different academic tracks.

In addition, we are **exploring more automated and time-efficient online tools** to support learning and enhance the effectiveness of both teaching and assessment.

EXAMINATIONS

The academic year demanded high levels of commitment from our faculty as we prepared students in both our post-secondary and secondary programs for their external examinations. These include:

- **Cambridge A-Level**
- **Canadian OSSD**
- **UK Foundation Program**
- **WASSCE**

A **tutorial-based approach** was adopted to prepare students thoroughly for their respective exams. We are especially pleased to report that, for the first time, our WASSCE students wrote their external examination **within the school premises**—a significant milestone.

We express sincere gratitude to all parents for the **sacrifices and support** offered during this demanding season. Your **timely responses to communication, commitment to revision sessions, and continued partnership** have not gone unnoticed.

Examinations have now been concluded, and we remain hopeful for **outstanding results**

STUDENT PERFORMANCE AND GROWTH : Throughout the term, students demonstrated significant academic progress compared to the baseline established in their entry-level diagnostic assessments. Notably, 85% of A-Level students improved their subject scores by at least 50% relative to their initial performance. Over the course of the semesters, the number of students showing academic improvement consistently increased, while those experiencing a decline steadily decreased. These positive trends reflect not only improved learning outcomes but also the impact of strong student engagement.

Additionally, we observed a clear correlation between overall academic performance and attendance—both in regular school hours and during after-school extra lessons. We aim to build on this insight in the coming sessions by implementing more targeted and effective strategies to support continued student growth.

SHORT PROGRAM RESULTS

Our students also excelled in various short programs, with notable achievements including:

SAT

Adike Crystal – 1470

Tennyson Ogechikaru – 1440

STUDENT UNIVERSITY PROGRESSION – 2024 – 2025 ACADEMIC SESSION.

In the 2024–2025 academic session, all our students who applied to universities abroad received admission offers. We received multiple offers from esteemed institutions, including the University of New Brunswick, University of Windsor, University of Toronto, University of Calgary, Ontario Tech University, York University, University of Manitoba, University of Saskatchewan, University of Debrecen, University of Sunderland, Kent University, Baylor University, Michigan State University, Texas Tech University, Drexel University, and Oral Roberts University.

Our students have been accepted into a wide range of programs, including Medicine, Computer Science, Nursing, International Business, AI Engineering, Software Engineering, and Mechatronics Engineering. Those bound for Canada have successfully secured both study permits and visas.

Additionally, some of our students were awarded scholarships of up to 50% for their U.S. applications. With the recent lifting of the temporary hold on F-1 visa interviews, students with offers from U.S. universities can now proceed with their visa applications.

We celebrate their achievements and wish them continued success as they take this exciting next step in their academic journey.

Mr. Aniedi Akpan

UPCOMING PROGRAMS/IMPORTANT NOTICE

WASSCE/IGCSE Done. What's Next?
Discover Global Sixth-form opportunities

June 27, 2025
Aug 15, 2025
8pm – 9pm

We are excited to announce the launch of our SAT Preparatory Program starting July 1st 2025, designed to equip students with the tools and strategies they need to succeed on the SAT and beyond.

PURPOSE:

The SAT Prep program aims to provide high school students with a strong academic foundation and test-taking strategies to maximize their performance on the SAT-

a crucial step toward college admissions and scholarship opportunities. Our goal is to help students approach the exam with confidence and competence.

BENEFITS:

- Comprehensive Content Review:

Students will receive focused instructions in Math, Evidence-Based reading, and writing, ensuring mastery of all sections.

- Test-Taking Strategies:

We emphasize time management, question analysis, and elimination techniques to help students work more efficiently under pressure.

- Practice Tests:

Regular mock exams stimulate real test conditions and help track progress.

- Expert Tutors:

Our instructors are experienced educators who understand the SAT format and scoring, providing targeted support and personalized feedback.

- Confidence Building:

Through practice, mentorship, and encouragement, students will develop the mindset needed to succeed on test day and in their academic journey.

WHY IT MATTERS:

With college admissions becoming increasingly competitive, a strong SAT score can make a significant difference in a student's application. It opens doors to prestigious universities and can lead to valuable scholarships. Our program ensures that students are not only prepared for the test but also building skills that will benefit them in future academic challenges.

Join Us for Summer School Program- Designed for Academic Excellence!!! - Dates: August 4th – August 29th 2025

Are you a student preparing for **SAT, IGCSE, Sss 1 or Sss 2 (year 10 and year 11)**? Our intensive Summer School Program is tailored just for you. We are thrilled to invite you to our 2025 Summer School Program, running from August 1st to August 28th. This dynamic and enriching four-week experience is designed to keep young minds active, inspired, and ready for the academic year ahead.

Why Summer School Matters:

Far from being just an extension of the school year, our summer school is a transformative learning experience that blends academics with creativity, critical thinking and personal growth. It's an opportunity for students to consolidate what they've learned, get ahead in key subjects and develop new skills – all in a relaxed, engaging environment.

Key Benefits:

- Academic Support & Enrichment – Students receive focused attention in core subjects like Math, English and Science, reinforcing foundational skills and exploring advanced concepts.
- Confidence Building – Small class sizes and supportive teachers help students rediscover their love for learning and build academic self-esteem.
- Creative & Interactive Learning – Beyond textbooks, students will engage in group projects, presentations and hands-on activities designed to spark curiosity and collaboration.
- Preparedness for the New Academic Year – Our program ensures students return to school in September feeling confident, prepared and ahead of the curve.

Whether your child needs a little extra support or is eager to explore new challenges, our summer school offers something for everyone.

Let's Make This August a Time of Growth, Discovery and Success!

Teachers’ Brainstorming Session- Advancing Performance at the 16 Plus School.

Teachers at The 16 Plus School gathered for a focused brainstorming session aimed at improving student and school performance. The session provided a platform to reflect on current

challenges, share ideas, and develop actionable strategies to enhance teaching effectiveness and learning outcomes.

Key topics included student engagement, effective lesson delivery, use of assessments, and innovative teaching methods. The session concluded with clear action points, including peer collaboration, targeted student support, and improved instructional planning.

At the 16 Plus, we believe continuous improvement starts with our educators – working together to raise the bar for excellence.

FROM THE HEAD OF PASTORALS

Dearest Beloved Students,

As you vacate and embark on the next step of your journey, I want you to know that I am deeply grateful for the privilege of witnessing your growth and development. Your time here has been a sacred journey of discovery, marked by moments of joy, struggle, and transformation. As you leave these walls, work hard so that the seeds of faith, hope, and love sown in your hearts will continue to bear fruit in your lives.

May the lessons you've learned, the friendships you've made, and the memories you've created serve as a foundation for the incredible journey ahead. May you carry the values of kindness, empathy, and perseverance with you, guiding you through life's complexities. Remember, you are beloved children of God, endowed with unique gifts and talents. Go forth with confidence and courage, trusting in the Lord's guidance and providence. Make your mark on the world, and let your light shine brightly for all to see.

God bless you all

With love and blessings

Rev. Fr. Peter Anugwolu, CRS

Head of Pastoral.

We wish you all a refreshing break~
