AT THE 16 PLUS SCHOOL 00

WINNING STUDENTS

Some of our students have gone on to top careers upon graduation from the university.

The resilience they have gathered from The 16 Plus School has prepared them for beautiful positions in beautiful places.

With a blend of curricular and extracurricular activities in appropriate proportions, our students are assured to be well-grounded, and ready to face the outside world with vigour and wisdom.

Practical Learning is Our Watchword

ABOUT US

The 16 Plus School (Sixth Form) is a Catholic day and boarding preparatory school for university education, to equip your child for entry into the real world with enthusiasm and confidence.

It is run by the Somascan Fathers, an Italian Catholic Congregation with extensive experience in educational administration.

Our programmes span the fundamental sciences, social sciences, arts, and humanities. Our faculty comprises top-class postgraduate degree holders with expertise in different fields of learning.

Our Vision

We strive to bring out the best in teenagers through a legacy of excellent education and value formation.

OUR VISION & MISSION

Our Mission

To provide the best education for sixth-form students to achieve their full potential.

OUR ETHOS
BRINGING OUT THE BEST IN YOU

CORE VALUES

EXCELLENCE

We are a school energized by the love of learning and the pursuit of outstanding achievement for all our students.

01

05

INDIVIDUALITY

We recognize that individual students differ in talent, skills and temperament and we therefore reflect this in our curriculum.

02

04

INTEGRITY

We place high premium on character development, integrity and consideration for others.

03

RESPECT

Our code of conduct is anchored on respect for self, others and the community.

CREATIVITY

We inspire our students to explore their inherent creative nature by constantly asking themselves "How can I do this in a new way?"

What is Sixth-Form Education?

The sixth-form education, or pre-university education, covers the gap year(s) between finishing high school (WASSCE/ IGCSE) and entering university.

Is it Beneficial?

WHY SIXTH-FORM EDUCATION

01

It allows for both academic and personal maturity to enable students to cope with the demands of university education.

02

It allows for a specific focus on core subjects that will better lead to achieving career goals.

03

It gives time for students and parents to choose careers and institutions and make adequate plans, including financial arrangements.

04

The moderate-size feature of the sixth-form programmes creates that focus and aids students' personal development for success in university.

05

It consolidates high school learning and exposes the child to the university curriculum, providing the platform for success.

OUR PROGRAMMES

At The 16 Plus School, we offer diverse programmes as sixth-form options, viz:

1. Cambridge AS and A-Levels
2. Canadian Ontario Secondary School Diploma (OSSD)
3. UK International Foundation Year, Level 4, and Level 5
4. US Dual Credit/Dual Diploma
5. WASSCE
6. IGCSE
7. UTME, SAT, ACT, IELTS, TOEFL, GMAT and GRE

CAMBRIDGE ADVANCED SUBSIDIARY AND ADVANCED LEVEL

As a British Council-accredited center, we provide the Cambridge Advanced Subsidiary and Advanced Level in two academic sessions. Additionally, we offer an accelerated A-Level programme, allowing students to complete the two-year curriculum in just one academic year, catering to those seeking a faster-paced option.

The Cambridge A-level is our core programme, recognized for its dynamic curriculum accepted by universities globally. It provides direct entry to institutions in Nigeria, the UK, Africa, and Europe. In the US and Canada, it earns credit for some courses, emphasizing an advanced curriculum that enhances critical thinking and practical application of knowledge.

ABOUT THE CAMBRIDGE ADVANCED LEVEL PROGRAMME

01

> Students take three career-relevant subjects.

02

> Tuition time is 180 hours evenly spread over two semesters – Cambridge standard.

03

> Optional/conditional extra classes are available.

04

> Classes are student-centered, with group work, presentations, corrections, seminars, and tutorials forming integral parts of the learning process.

05

> There is a continuous assessment that guarantees the examination readiness of students.

ONTARIO SECONDARY SCHOOL DIPLOMA (OSSD) (GRADE 10-12)

01

We offer this in partnership with Convoy International Academy, Canada.

02

Compulsory subjects: English language, Advanced Functions, Calculus and vectors, and Ontario Literacy Course.

03

Three additional subjects relevant to the student's course of study and the Ontario Literacy course.

04

Period: 9 months (September to June).

05

Students get 3 to 5 university offers with scholarships

ONTARIO SECONDARY SCHOOL DIPLOMA (OSSD) (GRADE 10-12)

06

Highly successful because the many assignments consolidate learning and allow for bit-by-bit accumulation of scores and improvement on previously submitted assessments, thereby improving the scores.

07

This programme exposes students to the Canadian curriculum, improving their chances of excelling in Canadian universities.

08

Students are enrolled with an Ontario Education Number (OEN), making them local high school students exposed to scholarship opportunities available to local students.

09

We have recorded 100% passes, with the highest being about 92% and the average 85%, 80% of our students are Ontario scholars with an average of 80 and above.

10

Our OSSD students have progressed to the University of Alberta, Simon Fraser University, the University of Calgary, Carleton University, Brock University, Ontario Tech University, the University of Windsor, and Trent University, among others.

DUAL CREDIT PROGRAMME - USA

This program allows secondary school graduates to obtain college credits while still in Nigeria and transfer them to many US or Canadian universities. It will enable them to take fewer courses, fast-track their stay at the university, and ultimately pay less tuition.

Students can take up to six courses in a semester or 12 courses the entire year, with some compulsory courses in English, science, and humanities.

Lecturers from Valley Forge Military College and Jacksonville University will deliver the curriculum, and these institutions will also issue certificates of completion. Citizens High School in Florida, USA, is our program partner. It is a school with more than 40 years of expertise, providing students with the opportunity to pursue their dreams.

OUR STAFF

Our school is anchored by our passionate, committed, and knowledgeable teaching and non-teaching staff who contribute a wealth of expertise and experience to the educational process of our students. In addition to being mentors, our highly qualified educators provide an environment that is stimulating and dynamic for learning.

Our non-teaching staff members are essential in establishing a smooth and encouraging environment that makes sure all facets of school life are successfully run and supported.

In all, our staff members collaborate as a cohesive team to offer a comprehensive educational experience that goes beyond the classroom. Their persistent commitment guarantees our students excellent education, as well as the direction and assistance required for both academic and personal success.

OUR STUDENTS

Become part of our dynamic school and begin a journey towards personal development and success.

At The 16 Plus School, we are student-centered and committed to creating a welcoming setting that enables every student to succeed and stay happy while at it.

We help every student achieve their maximum potential, no matter their programmes.

Our students are in themselves vibrant and unified in their quest for knowledge and daily improvement, actively involved in shaping their futures.

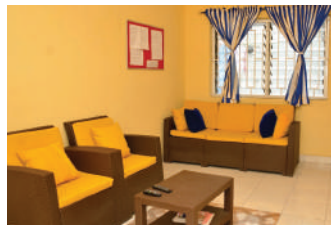

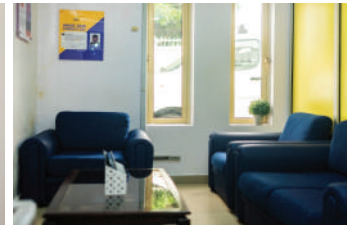

We embrace diversity and appreciate the unique strengths of every student.

OUR FACILITIES

We take pride in our commitment to creating a conducive atmosphere that meets the expectations of a modern educational institution, ensuring that every student feels empowered to thrive in their academic journey.

- Small Classes with Modern Teaching Aids
- Multipurpose Laboratories
- ICT Lab
- Modern Library
- Resources for E-learning

THE UK INTERNATIONAL FOUNDATION YEAR

In collaboration with City College Oxford, the International Foundation Year (UK Foundation) is similar to the A-Level programme. It can be used for direct three year university admission to the UK. Over a hundred universities in the UK accept the UK Foundation for direct entry admissions.

NCC Education awards the International Foundation Year, and our partner offers four pathways:

To complete the qualification, students must study and pass eight units – six core units and two elective units. Assessments are offered in several cycles throughout the year, using examinations or coursework assignments.

BENEFITS OF THE INTERNATIONAL FOUNDATION YEAR (IFY)

Our UK Foundation programme is notable for 100% pass from our students and numerous university offers.

Students can take advantage of the level 4 and 5 online programmes and go on to spend just one or two years at a university in the UK.

With this, you can spend less on tuition and living costs and get your UK university degree at a very affordable cost. This is offered in collaboration with Online Business School in Coventry, UK.

SHORT PROGRAMMES

SAT Programme

An 8-week course for students interested in US admissions.

Learn successful SAT techniques and consolidate them through continuous testing.

Our highest score in the last five years is 1600/1600, with most of our students scoring an average of 1350/1600.

Get help with applications on the Common Application and application essays.

SHORT PROGRAMMES

UTME

We also offer intensive tuition for the Unified Tertiary Matriculation Examination (UTME) for those who need it.

The curriculum is taught over ten weeks, with assessments to measure the growth of the students

One of our WASSCE students from the last set scored 325, having been well-trained using the Nigerian and UTME curricula.

IELTS & TOEFL

For admissions and visas to the UK, Canada, and the US.

Three weeks of intensive classes covering every aspect of the syllabus.

Our results have continued to be excellent, with a band score of 8.5 in IELTS and 110/120 in TOEFL over the years.

WHY CHOOSE US?

01

CLASS SIZE

Our classes are moderate-size, giving room for personalized tuition.

02

INDIVIDUALISATION

Differentiated learning is an integral part of our process – the objective is for every student to achieve the best of their ability.

03

QUALIFIED TEACHERS

We have an Excellent faculty with years of experience, expertise in fields, and proven student results.

04

EXCELLENT RESULTS

Proven to deliver excellent results and guarantee progression to first-choice universities and careers in Nigeria and abroad.

05

DISCIPLINE

Catholic orientation to consolidate the formation of morals and discipline to thrive in our ever-changing world.

06

COMPREHENSIVE SERVICE

The discussion before admission to ensure the proper placement for the child, the engagements through different extracurricular activities all through the period, and the active involvement of parents in the child's progress.

***“ I FEEL MORE
PREPARED
THAN EVER... ”***

The 16 Plus School has allowed me to slow down and reflect before diving into a new phase—university life. A transition that could be daunting! But thanks to this place, I feel more prepared than ever. They have equipped me with the skills and confidence to take on whatever comes my way.

I cannot thank the teachers enough for their exceptional dedication and expertise. They have made learning so much fun. And the best part? We're all in this together. The camaraderie and support at this school are off the charts. It's like a squad on a mission to conquer the academic world!

A'LEVEL SCIENCES (HEAD BOY)

First Class, (Electrical Engineering,
Imperial College, UK)

**I FELT THE
FAMILY
VIBE...**

"The 16 Plus School was, in many ways, different from the secondary school I had attended previously. The most significant difference for me was how small the school was. I felt the family vibe they had going on, where everyone knew everyone else, and there was no way you could avoid, hide, or run away from anything or anyone. There was never a dull moment in The 16 Plus School; many staff members and students will agree with me.

The school year was filled with more than enough dramatic events to last me a lifetime, ranging from sheer comical displays that usually leave me without breath to days where something sad or terrible happened and left everyone heavyhearted. It was a year full of roller-coaster emotions."

“

**...PLAYED A
HUGE ROLE IN
MY SUCCESS**

”

I remember sitting in my first calculus class at Purdue University and realizing that I had been taught the content of the class during my stay at The 16 Plus School. Imagine my excitement when I realized this also applied to my Physics and Chemistry courses. I was able to apply everything I was taught at The 16 Plus School in my classes at Purdue and this was all due to the dedication of the teachers at The 16 Plus School, as I was able to recall the concepts because they were well-taught. Being taught by dedicated teachers was just a fraction of my experience at The 16 Plus School; they had attentive staff, good learning and living conditions, fun activities, and much more. All of these contributed to the overall experience. The 16 Plus definitely played a huge role in my success during my freshman year, making me appear on the Dean and Honors Lists, and receiving other awards.

OSSD Parent

Mr. Alagala

...The 16 Plus School is exciting. A very good, unique thing about The 16 Plus School that I have seen is the one-on-one relationship with the students, the teacher-student relationship, and tailoring the academic pursuit of each of the children to what they want. I think that is the most important. And their success is important to all the staff of the school. I think we deserve a big round of applause...

2023

Canadian OSSD '23 Parent

Mrs Ishola

"Thank you, Madam.

We can never forget The 16 Plus School—a school that is home away from home."

ALUMNI INFORMATION

01 **Samuel Adekunle**

Samuel completed the A-level programme with three distinctions in Mathematics, Further Mathematics, and Physics in 2019 and progressed to Imperial College London where he graduated with a first-class degree in Electronic and Information Engineering.

ALUMNI INFORMATION

2 *Nebechi Okpala*

Nebechi progressed to Georgia Tech University, USA, to study Neuroscience.

She is a first-class graduate and has continued to study medicine.

3 *Tabitha Balogun*

Tabitha completed the Cambridge A-level programme in 2018 and progressed to Purdue University, USA, to study Industrial Engineering.

She is a first-class graduate today

ALUMNI INFORMATION

4 ***Dolapo Ashi-Suleiman***

Dolapo Ashi-Suleiman, after completing her studies with us in 2018, progressed to Dundalk Institute of Technology, Dundalk, Ireland, where she graduated with a first-class degree in Civil Engineering.

5 ***Vincent Nnoli***

Vincent Nnoli completed our A-level programme in 2020 and progressed to Greenwich College in London to study Chemical Engineering.

He graduated in June 2023 with a first-class degree.

OUR OTHER SERVICES

CAREER COUNSELLING

Our formidable career team helps shed light on students' career paths through personality tests and guidance.

FOREIGN UNIVERSITY APPLICATION

We have trained international education counsellors who walk our foreign university applicants through the entire process, from searching for schools given parents' preferences to submitting quality essays and securing offers with partial to full scholarships.

VISA PROCESSING

We do not stop at securing admissions and scholarships for our students; we also help them with visa applications, and we have recorded tremendous success in securing visas to countries including the UK, the US, and Canada.

OUR OTHER SERVICES

PARENTS ENGAGEMENT

From our yearly coffee morning meetings to our Ask Anything programme and our newsletters, among others, we maintain healthy communication with our parents, giving them feedback on school activities and their children's performance every step of the way.

FOREIGN UNIVERSITY APPLICATION

Aside from the fact that universities seek a certain number of community services from applicants, we believe this volunteer work is an excellent opportunity for our students to practice empathy, team spirit, and valuable life skills. Their selfless attitude towards impacting society aligns with our school's mission of developing well-rounded individuals sensitive to their community's needs. Through these activities, we believe our students can be instilled with a strong sense of social responsibility, which will undoubtedly guide them to become future changemakers.

VISA ROCESSING

We do not stop at securing admissions and scholarships for our students; we also help them with visa applications, and we have recorded tremendous success in securing visas to countries including the UK, the US, and Canada.

AWARDS

Over the last three years, 85% of our OSSD students graduated from the programme as Ontario scholars.

2019

Best in Maths, Further Maths and Physics in A-level examination. (3A*s)

2022

Best in Sociology in the A-level examination.

In 2023, our students represented our school in an inter-school public speaking competition organized by the University of Sheffield, UK, and came second runner-up.
